

How to Execute a Stock Market Game Trade

Login www.stockmarketgame.org
Username & password - case sensitive

1	Select Trade Tab
2	Select Enter a Trade
3	Select Type of Trade - Stock, Mutual Fund, or Bond
4	Choose Buy or Sell
5	Enter Ticker Symbol
6	Order type - Choose Market (Alabama is a real-time game)
7	# of shares (Buy minimum 10; Sell minimum 1)
8	Limit Price - (leave blank since the order type is market)
9	Select Preview Trade
10	Review the Stock Trade Order Preview
11	Select Edit Trade if a change is needed. Examples: wrong ticker symbol or number of shares
12	Re-enter password and select Confirm if no changes are needed
13	Trade order confirmed will show at the top of the next page if the trade was successful
14	Trades made outside of Stock Market hours (8am - 3pm) will be in Pending Orders under the Trade Tab
15	Select Transaction Notes in the Trade Tab to see a list of all attempted trades <ul style="list-style-type: none">● Successful trades will show as Executed Trades● Trades that were not executed will have an error message● Price is without the broker's fee

Tips

- Select *i* in blue circle on top right of portfolio page for information
- Look in Transaction Notes to confirm that the trade was executed
- Trades will not show in Account Holdings until portfolios are updated each night
- View "Entering Stock Trades" video in Resources Tab of team portfolio
- Alabama SMG does not allow short cover or short sell

Common Error Messages

- Exceeds 30% maximum equity - Teams may not invest more than 30% of the portfolio equity in a single stock, mutual fund, or bond
- Insufficient position in the security to enable this trade: You are trying to enter a transaction to sell more of a security than you currently hold in your portfolio
